PROJECT ON

Online PC Store Website

DEVELOPED BY

NAME: FARRAS HAIDAR PATA
JAVIER FAREL BAROTO

The logo for NIIT (National Institute of Information Technology) is displayed in a bold, blue, sans-serif font. The letters are thick and blocky, with the 'N' and 'I' being particularly prominent.

CREATION OF ONLINE PC STORE WEBSITE

Batch Code : 3WD1

Start Date : Tuesday, 17 September 2024

End Date : Friday, 27 September 2024

Name of Faculty : Mr. Reza Maulana, S.Kom., M.Kom.

Names of Developer :

- Farras Haidar Pata
- Javier Farel Baroto

Date of Submission: Friday, 27 September 2024

The logo of NIIT (National Institute of Information Technology) is displayed in a large, bold, blue serif font.

CERTIFICATE

This is to certify that this report titled “Online PC Store Website” is an original work done by Farras Haidar Pata and Javier Farel Baroto in partial fulfillment of their course requirement at NIIT

Coordinator:

Mr. Reza Maulana, S.Kom., M.Kom.

ACKNOWLEDGEMENT

First of all, we would like to thank God because of His blessings and guidance, writers can compose and present a paper that contains about Website Responsive, as one of IT Introductory lecture. The writer also thanked to Reza Maulana, S.Kom., M.Kom.as lecturer Introductory IT course that have provided guidance to the writer in the process of preparing this paper. Not to forget the writer thank the various parties who have given encouragement and motivation

The author realizes that the preparation of this project there are still many shortcomings and far from being perfect. Therefore, the authors expect constructive criticism and suggestion to improve this paper and can be reference in preparing the papers or subsequent tasks.

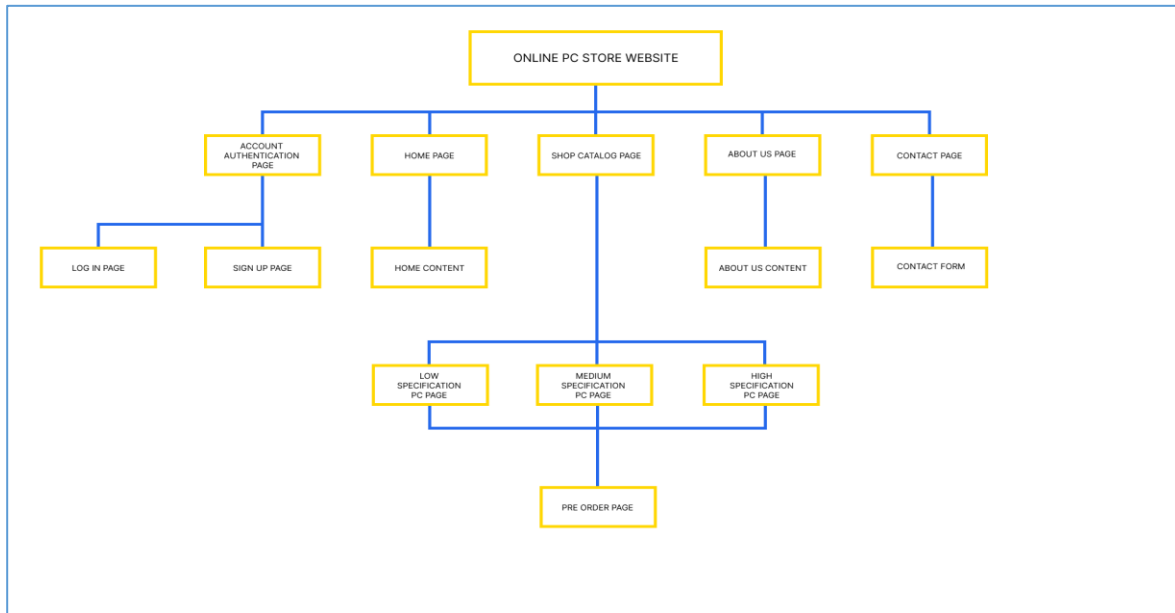

The authors also apologize if in writing this paper there are typos and errors that confuse the reader in understanding the author's intent.

SYSTEM ANALYSIS

System Summary : Creation of a website based online pc store named “www.lero.com”

System Processes : The designing and development of front end side of a website for an online computer store that given name of “www.lero.com”. This e-commerce platform will provide a variety of personal computer products and accessories to customers, offering convenience and accessibility in the realm of technological shopping.

INTRODUCTION

Online Pc Store Website has ten web pages (include log in and sign-up page) that can be accessed by user via the navigation bar, which includes Home Page, Catalog Page, About Us Page, Contact Page, Log In and Sign Up Page. Each user on the Online Pc Store Website has the permission access all the pages included above in the Movie Bee and be able to access the log in and sign-up page if the user has not been registered with Movie Bee.

The content of the pages are as follows:

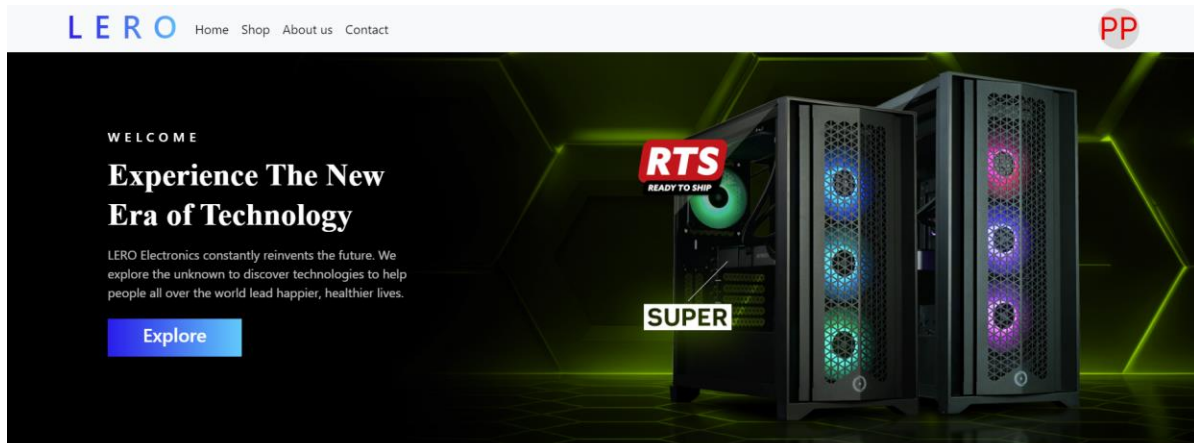

- Account Authentication Section:
 - Pages which include accessibility for users to connect with their established account. There is two pages included in this section:
 - Log in Page
 - Sign up Page
- Home Page:
 - Home page serve as the landing page for this website, where users will be greeted by various eye-catching information regarding what this website sell and other general information that can further attract users. Home page (As well as other pages except those in Account Authentication Section) contains a navigation bar to some of the available pages on the website. In the navigation bar there are also button to log in and sign up.

INTRODUCTION

- **Catalog Page:**
 - This is the page where users can choose variety of PC type based on specifications level, which then will lead to the Pre Order Page if the user were willing to order a PC of the respective page. This page will link to pages as follows:
 - Low Specification PC Page
 - Medium Specification PC Page
 - High Specification PC Page
- **Pre Order Page:**
 - This page has the section where users can fill up a form for the adherence in processing the PC order which they have selected beforehand. The form includes Name, Email, Address, Shipping Option, and Payment Method.
- **About Us Page:**
 - This page contains detailed information regarding what this website is and the related company, such as company identification, vision, mission, and etc.
- **Contact Page:**
 - This page contains Form in which users can submit their thought based on their experience in using this website.

Customer Reviews

★★★★★

"The staff are very helpful, friendly, and reply fast! Received my PC last week and man.. she's a beast. Built well, packaged well, the attention to detail is exactly the level I was hoping. Will 100% purchase future PCs from origin!"

- curtisroof 2024-03-04

★★★★★

"I have been very happy with my new Origin PC. Having built several of my PCs in the past and not wanting to build a new one I used Origin. Customer support was very good, they kept me informed of each step along the way."

- edwillard 2023-10-27

★★★★★

"Over under an amazing experience, loved how hands on the staff is with updating you on your pc progress as well as their shipping standards, would definitely recommend them to friends and family looking to get their first or upgrade their current build."
